

SEE WHAT LEADING COLORISTS ARE SAYING

PALLE FREESE

Winner of the Global salon business awards Hollywood 2008
Hair Construction International,
Kolding - Denmark

My experience when used in Colors: I feel especially a big difference when used on Dry and damage hair that the hair actually get more healthy after a color treatment since the bond maker really gives the hair strength. After using step 2 for min 5 min at the back wash the hair is silky smooth and soft with a lot of shine.

When used with bleach and highlift colours: I feel the same great results as when its used in colours and on top of these benefits I also saw a big difference on the scalp where the clients get less irritations from the super lightener and also when used in Bleach powder.
So I'm really really happy to use Omniplex.

Omniplex is amazing!

The integrity of hair is no longer compromised by chemical services.

ANGELO IMMORMINO

Salon owner, technical trainer and color specialist at Farmavita Academy.
Farmavita Academy, Varese - Italy

I can honestly say that **Omniplex is a MUST HAVE** product!
It is an essential component in every color, balayage and bleaching technique.

ALESSANDRO ATZEI
